About Me

I am a motivated, hard-working, self-disciplined grade 11 student. I am interested in working in a position which would allow me to interact with clients, customers and coworkers.

I have been learning music for most of my life, and have finished level 8 RCM piano and level 10 RCM theory. I am bilingual (English and Hebrew) and I have a basic A1 level of French. I have been coding as a hobby for several years, and recently have taken several courses and certifications to build my skill set.

Job Experience

Jan 2023 to May 2023 - Sobeys

I was in charge of clearing, cleaning, and organizing the meat department before closing.
